(Rev. Ords. 1973, § 2-9; Ord. No. 302, 11-6-78)

Sec. 2-7. Sale or lease of city owned real property.

Whenever a vote is taken or a policy decision has been adopted by the appropriate city agency or officer to declare any city owned real property or portion thereof available for potential sale or lease, the procedure for determining the use to which the real property shall be put and the terms of any disposition thereof shall be in accordance with the provisions of this section. Notwithstanding the foregoing, this section shall not apply to the lease of city owned real property for wireless communication equipment which is permitted as of right pursuant to section 30-18A, provided, however, where the lease of city owned real property for wireless communication equipment is subject to the requirement of a special permit pursuant to section 30-18A, then the procedures outlined in subsection (8) of this section shall apply. Notwithstanding the foregoing, this section shall not apply to the lease of city owned real property for solar panels; provided, however, that in the case of such a lease the procedures outlined in subsection (9) of this section shall apply.

- (1) The city agency or officer declaring said property available for sale or lease shall submit to the clerk of the board of aldermen a written record of the vote or policy decision within thirty (30) days of said vote or decision. The clerk of the board shall forthwith notify the director of planning and development of said vote or decision. Within thirty (30) days of said notification, the director of planning and development shall submit a written report to the clerk of the board with recommendations as to whether this property, or any portion thereof, should be declared unnecessary for all municipal purposes. Upon receipt of the report of the director of planning and development, the clerk of the board shall place the matter on the docket of the board of aldermen for referral to its real property reuse committee. The membership of the real property reuse committee shall include one alderman from each ward in the city, to be designated by the president of the board of aldermen. The chairman of the real property reuse committee shall be designated by the president of the board of aldermen.
- (2) The real property reuse committee shall oversee the following steps:
 - a) There shall be an initial determination made as to whether some or all of the subject property shall be declared available for sale or lease. If the decision is made that the property continue to be utilized by the sending city agency, or if the decision is made to transfer the care, custody, management or control over the subject property to another city agency or office, then this recommendation shall be referred to the board of aldermen. In such event, the board of aldermen may, by a vote of two-thirds (2/3) of the full board of aldermen, transfer the care, custody and control of the subject property to another city agency or officer, or to the same city agency for use for another purpose subject to the approval of the mayor, pursuant to G.L. c. 40, § 15A. Should the vote to transfer the subject property to another city agency or to the same city agency for use for another purpose fail to pass by the required two-thirds vote, then the subject property shall return to the sending agency for use for the same purpose.
 - b) In the event that the board of aldermen does not determine that the property continue to be utilized by the sending agency or be transferred to another city agency or officer, then there shall be created a joint advisory planning group. This group shall consist of not more than fourteen (14) persons, half of whom shall be appointed by the board of aldermen and half appointed by the mayor. This group shall elect its own chairperson. It shall be the responsibility of this group to work with the department of

planning and development to identify alternatives for the future use of the subject property. The joint advisory planning group and the department of planning and development shall file separate written reports containing their respective recommendations to the real property reuse committee. Such reports shall be filed simultaneously. This process shall be completed within ninety (90) days from the date of the initial referral of the matter to the real property reuse committee or within such further time as the board of aldermen may determine.

- c) Following submission of the report of the department of planning and development and the report of the joint advisory planning group to the real property reuse committee, the item shall be assigned by the board of aldermen for a public hearing before said committee, which hearing shall be held not less than thirty (30) days nor more than sixty (60) days from the date of submission of said reports. The purpose of this hearing shall be to hear the views of the public and all interested parties with regard to the future use of the subject real property. Notice of said public hearing shall be provided in accordance with G.L. c. 40A, § 11 as amended.
- (3) Within sixty (60) days of the public hearing, the real property reuse committee shall make its recommendation to the board of aldermen. In making its recommendation the real property reuse committee shall take into account the effect of the proposal on the neighborhood and on the city as a whole and determine that its recommendation is consistent with the goals and policies of the Comprehensive Plan for the City of Newton. The committee's recommendation shall include recommendations as to (1) the disposition and future use of the subject real property; (2) the specific use characteristics of the subject real property, including recommendations with respect to zoning and other land-use controls; and (3) the minimum financial terms for sale or lease of the property or any portion or portions thereof.
- (4) The board of aldermen shall, within sixty (60) days from receipt of the recommendation of the real property reuse committee, submit its recommendations by resolution to the mayor for the disposition and future use of the subject real property, and may authorize the use of the subject real property, and may authorize the mayor to sell or lease the subject real property and set the minimum financial terms for such sale or lease.
- (5) Notwithstanding the foregoing, in the case of the potential sale or lease of all or a portion of city owned real property without buildings thereon, the real property reuse committee may, upon a majority vote, waive the requirement contained in subparagraph (2)(b) that there be created a joint advisory planning group.

In such event, the board of aldermen shall utilize the report prepared by the director of planning and development as required in paragraph (1). Provided that notice as set forth in subparagraph (2)(c) has been given, the public hearing required by subparagraph (2)(c) may be held on the same night on which the real property reuse committee votes to waive the requirement that there be created a joint advisory planning group, but in any event, such public hearing shall be held no more than sixty (60) days from the date the real property reuse committee votes to waive such requirement.

- (6) Notwithstanding the provisions of subparagraph (2)(a) above, proposals for inter-departmental transfers of real property initiated by city departments or agencies shall not be subject to the provisions of section 2-7, but shall comply with the provisions of G.L. c. 40, § 15A.
- (7) Requests for the sale or lease of city owned property, including the abandonment of the city's rights in real property, shall first be made to the city agency or officer having custody of such property. The provisions of section 2-7 shall apply in the event that such city agency or officer declares such property available for sale or lease.

- (8) In any instance where the lease of city owned property for wireless communication equipment is subject to the requirement of a special permit pursuant to section 30-18A, the following procedures shall apply:
- a) The executive department shall submit a proposal for such lease to the board of aldermen for approval which proposal shall indicate the location of the city owned property for which a lease is sought and such other relevant information as may be available as to the likely types of wireless communication equipment that may be placed at the site. In preparing the proposal, the executive department consultation shall be made with such city departments, aldermen for the ward involved and neighborhood groups as the executive department may consider appropriate.
 - b) At the earliest opportunity, the board of aldermen shall, for the purposes of this section, assign the proposal for public hearing before its committee dealing with matters of public buildings and this committee shall hold a public hearing. Due notice of such public hearing shall be given to the abutters of the city owned real property which is proposed for lease and to the abutters of such abutters. Said notice shall include the location of the property proposed for lease for wireless equipment and, if available, a description as to the likely types of wireless communication equipment that may be placed at the site. The committee shall deliberate and, if recommending approval, may affix such restrictions and conditions to the lease terms, other than financial conditions, as it deems in the public interest. The committee shall make a recommendation to the board of aldermen within forty-five (45) days following the public hearing as to whether the proposed lease is in the public interest.
 - c) Within sixty (60) days of receipt of the committee report, the board of aldermen shall vote as to whether to authorize the mayor to lease such city owned property for wireless communication equipment. If the vote is in the affirmative, then the mayor may proceed to issue a request for proposals on such terms and conditions as determined by the mayor to be in the public interest. If the vote is in the negative, then the mayor shall not lease such property for wireless communication equipment, provided, however, that nothing herein shall be construed to preclude the board from authorizing the mayor to lease such property pursuant to a subsequent request to lease such property.
 - d) The requirement of notice and a public hearing may be waived by a three-fourths vote of those members of the board of aldermen present and voting.
- (9) In any instance where the lease of city owned property for solar panels is part of an arrangement under which the city uses power produced by the solar panels and/or receives net metering credits pursuant to state law, the following procedures shall apply:
- a) The executive department shall submit a proposal for such lease to the board of aldermen for approval. Such proposal shall indicate the location of the city owned property for which a lease is sought and such other information as may be available regarding the likely types of solar panels and related equipment that may be placed at the site. In preparing the proposal, the executive department shall consult with such city departments, aldermen for the ward involved and abutting property owners as the executive department may consider appropriate, taking into account the procurement requirements applicable under the General Laws.
 - b) At the earliest opportunity, the board of aldermen shall, for purposes of this section, assign the proposal for public hearing before its committee dealing with matters of public buildings and/or other city owned real property and this committee shall hold a public hearing. Due notice of such public hearing shall be given to the abutters of the city owned real property which is proposed for lease and to the abutters of such abutters. Said notice shall include the location of the property proposed for

lease for solar panels and related equipment and, if available, a description as to the likely types of solar panels and related equipment that may be placed at the site. The committee shall deliberate and, if recommending approval, may affix such restrictions and conditions to the lease terms, other than financial conditions, as it deems in the public interest. The committee shall make a recommendation to the board of aldermen within forty-five (45) days following the public hearing as to whether the proposed lease is in the public interest.

- c) Within sixty (60) days of receipt of the committee report, the board of aldermen shall vote as to whether to authorize the mayor to lease such city owned property for solar panels and related equipment. If the vote is in the affirmative, then the mayor may proceed on such terms and conditions as determined by the mayor to be in the public interest. If the vote is in the negative, then the mayor shall not lease such property for solar panels and related equipment, provided, however, that nothing herein shall preclude the board from authorizing the mayor to lease such property pursuant to a subsequent request to lease such property.
 - d) The requirement of notice and public hearing under subsection (9)(b) may be waived by a three-fourths vote of those members of the board of aldermen present and voting.
- (10) In any sale of city owned real property for which community preservation funds have previously been expended to rehabilitate or restore historic resources pursuant to the provisions of the Community Preservation Act, G.L. c. 44B, such real property shall be bound by a perpetual historic preservation restriction pursuant to G.L. c. 184, sec. 31-33 held by the City or its designee, in a form acceptable to the Massachusetts Historical Commission.
- (11) The requirements of this section that are not otherwise required by law or by charter may be waived in whole or in part by a two-thirds (2/3) vote of those members of the board of aldermen present and voting. (Rev. Ords. 1973, § 2-10; Ord. No. 222, 6-6-77; Ord. No. 315, 2-20-79; Ord. No. S-52, 4-2-84; Ord. No. S-52A; Ord. No. T-31, 6-5-89; Ord. No. T-212, 1-21-92; V-209, 11-2-98; Ord. An employee shall be entitled to use special leave to the full extent of his accumulation during absence from work because of sickness or injury of the employee in accordance with this division. (Rev. Ords. 1973, § 2-34)

Sec. 2-44. Notification of department heads, etc., when absence due to sickness or injury occurs.

When an employee of the city is absent from his duties on account of disability because of sickness or injury, he shall promptly notify his department head or such person as his department head shall designate, and it shall be the duty of the head of the department in which such employee works, or the mayor in the case of the head of the department, to notify the director of human resources and the comptroller of accounts of such absence. When an employee is absent due to illness or injury in excess of three (3) consecutive days, he must present a medical clearance to return to duties from his health care provider or obtain such a clearance from a qualified health care provider provided, without charge to the employee, by the director of human resources. During such absence no salary or wage shall accrue to such employee except during periods of authorized special leave in accordance with this division. (Rev. Ords. 1973, § 2-35; Ord. (b) Upon notification by a department head or the mayor, in accordance with section 2-44, the director of human resources may investigate each case of sickness or injury so reported to him and certify his findings to the comptroller of accounts and to the department head or the mayor, as the case may be. As part of his investigation, the director of human resources may accept a written statement in such form as he may prescribe from the absent employee's health care provider, based upon the personal observations of such health care provider as to the nature, extent and probable duration of the sickness or injury. He may also require such employee to undergo an examination by a qualified health care provider(s) without charge to the employee. Refusal of the employee to submit to such examination(s) shall disqualify him from receiving any sick leave on account of the absence then under investigation or any continuation thereof.

(c) Upon determination by a department head, the director of human resources or the mayor that an employee, while engaged in the performance of his duty, appears to be suffering from sickness or injury so as to constitute a hazard to his health or the health of other persons, the director of human resources may order such employee to discontinue his duties for such time as the director deems desirable and may require such employee to undergo an examination by a qualified health care provider(s) without charge to the employee. Extra work or duties performed by employees regularly in the employ of the city and necessitated by reason of the disability of a fellow employee shall not be paid for except upon the approval of the board of aldermen. However, in the event that the city solicitor determines that a conflict of interest has arisen or is likely to arise by his mutual defense of the City of Newton and the officer(s) in question, the officer(s) in question shall not be defended by the city solicitor, his agent or designee but shall seek outside counsel for such defense. The expense incurred by the employee for outside counsel shall be borne by the city unless the mayor and the board of aldermen shall deem said legal fees to be unreasonable in which event said legal fees shall be subject to the fee arbitration procedure of the Massachusetts Bar Association.

Nothing in this section shall be deemed to limit the effect of any indemnification statute applicable to the city at the time of any such act or omission. This section shall apply to any settlement or judgment made in compliance with this section on or after the date this section is approved. (Ord. No. R-129, 3-16-81.)

Sec. 2-117. Regulation of Investments in Sudan.

(a) The assets of investment accounts under the care and custody of the city collector-treasurer or other official custodian in charge of such assets shall not be invested in companies which either directly or through an affiliated instrumentality meet any one of the following criteria:

- (1) Provide revenues to the Sudanese government through business with the government, government-owned companies or government-controlled consortiums;
- (2) Offer little substantive benefit to those outside of the Sudanese government or its affiliated supporters in Khartoum, Northern Sudan and the Nile River Valley; this outside population includes the country's disaffected Eastern, Southern, and Western regions;
- (3) Have either demonstrated complicity in the Darfur genocide or have not taken any substantial action to halt the genocide. Substantial action shall include but is not limited to curtailment of operations or placement of public pressure on the Sudanese government. Simple company statements shall not constitute evidence of substantial action;
- (4) Companies providing military equipment, arms, or defense supplies to any domestic party in Sudan, including the Sudanese government and rebels, or providing any domestic party in Sudan with equipment that may be readily co-opted for military use, including radar systems and military-grade transport vehicles, unless that company has implemented safeguards against such co-option.

(b) Companies which, either directly or through an affiliated instrumentality provide services clearly dedicated to social development for the whole country shall be excluded from the provisions of this section. Such companies include, but are not limited to those providing medicine and medical equipment, agricultural supplies and agricultural infrastructure, educational opportunities, journalism-related activities, and general consumer goods.

(c) The Newton human rights commission shall compile a list of companies (targeted companies) which meet the criteria set forth in subsection (a). To determine the list of companies which meet these criteria, the commission shall solicit information and testimony from knowledgeable parties; may engage a reputable, non-biased third-party research firm; may consider Sudan divestiture lists of other governmental bodies and/or non-profit institutions; and may directly request information from companies under consideration for inclusion on the list. The commission shall periodically review and revise its list.

(d) The city collector-treasurer or other official custodian shall take appropriate action to divest the following types of existing investments in targeted companies:

- (1) Direct holdings of public equity, corporate bonds, and Sudanese government-issued bonds. Direct holdings are holdings directly managed by the collector-treasurer or other official custodian and all holdings administered by a contracted manager in separately managed accounts, including both actively-managed and passively-managed/indexed funds;
- (2) Holdings of public equity, corporate bonds, and Sudanese-government issued bonds in commingled accounts that are passively-managed/indexed;
- (3) Private equity holdings with readily identifiable ties to Sudan, as determined by the collector-treasurer or other such official custodian.

(e) The collector-treasurer or other official custodian shall divest existing investments subject to section (d) in accordance with the following timeframe:

- (1) At least fifty percent (50%) of assets in such investments shall be divested within six (6) months after the effective date of this section;
- (2) One hundred percent (100%) of assets in such investments shall be divested within one (1) year after the effective date of this section.

(f) Investments held in actively managed, commingled accounts, for both public equity and qualified fixed-income investments, are not subject to divestment under subsections (d) and (e). Instead, the city collector-treasurer or other official custodian shall submit letters to contracted managers of such accounts requesting that the manager consider creating an actively-managed, commingled account, which is free of targeted companies. The city collector-treasurer or other such custodian shall transfer assets in actively-managed commingled accounts into such Sudan-free accounts, should any become available, in an expedited timeframe, which is still consistent with prudent investor obligations.

(g) Prior to divestment from a targeted company, the city collector-treasurer or other official custodian shall notify the targeted company of the impending decision and encourage the company to alter its current practices. If a targeted company demonstrates to the satisfaction of the city collector-treasurer or other official custodian and to the human rights commission that it has taken substantial action to change its current practices within three (3) months of such notification, that company shall not be subject to divestment. Substantial action shall include but is not limited to curtailment of operations or placement of pressure on the Sudanese government. Simple company statements shall not constitute evidence of substantial action.

(h) The city collector-treasurer or other official custodian shall file a report to the mayor and board of aldermen describing all investments subject to divestiture which are held as of the effective date of this section. Annually thereafter, the city collector-treasurer or other official custodian shall report to the mayor and the board of aldermen describing all investments divested in compliance with this section, and shall report on the status of any requests made under subsection (f).

(i) The provisions of this section shall expire upon the occurrence of one or both of the following events:

- (1) The Sudanese government sufficiently halts the ongoing genocide in Darfur for at least twelve (12) months, as determined jointly by the State Department and Congress of the United States; or

(2) The United States revokes its current sanctions on the Sudan.

(j) Nothing in this section is intended to supersede existing fiduciary or statutory obligations and other terms, conditions, and limitations on the investment of assets subject to this section.

(k) This section shall not apply to investments of employee contributions to deferred compensation or annuity plans authorized under Section 457 and/or 403b of the Internal Revenue Code, nor shall it apply to any private purpose trust funds and/or permanent funds established for investment of legacies, gifts or grants to the city from private donors. (Rev. Ords. 1973, § 2-238)

Sec. 2-190. Certification of unencumbered funds.

The purchasing agent shall also solicit sealed bids from responsible prospective suppliers or purchasers, including those who have requested their names to be added to a "bidders' list" which the purchasing agent shall maintain, by sending them a copy of such or such other notice as will acquaint them with the proposed purchase or sale, but invitations sent to the suppliers on the bidders' list shall be limited to commodities which are similar in character to those ordinarily handled by the trade group to which the invitations are sent. Sec. 2-198. Same—Award of contract.

Contracts for purchases under section 2-193 shall be awarded to the lowest responsible bidder and contracts for sales shall be awarded to the highest responsible bidder.
